FRAMELUX
Luxury in every frame

Peace Within. Performance Beyond.

Why People Choose Framelux

A beautiful window should do more than frame a view. Framelux combines contemporary design, precision-engineered aluminium & UPVC systems, premium hardware and professional installation to create windows and doors that enhance the way you live.

Keeps Unwanted Noise Out

Thoughtfully designed systems combined with the right glass solutions help reduce outside noise, creating quieter and more comfortable interiors.

Keeps Rain & Dust Out

Precision-engineered profiles, quality gaskets and effective drainage solutions help protect your interiors from rainwater and everyday dust.

Built to Face the Weather

Strong profiles and carefully selected components are designed for dependable performance across changing weather conditions.

No Worries of Warping or Termites

Unlike conventional wooden systems, our profiles are naturally resistant to termites and does not warp due to seasonal changes-offering lasting stability with minimal maintenance.

THE
FRAMELUX ADVANTAGE

Precision in Every Detail. Performance for Years.

Helps Improve Energy Efficiency

The right combination of systems and performance glazing can help reduce unwanted heat transfer, supporting more comfortable and energy-efficient interiors.

Keeps Mosquitoes Out. Lets Fresh Air In.

Optional integrated mesh solutions allow you to enjoy natural ventilation while helping keep mosquitoes and insects outside.

Professional Installation. Performance Assured.

Even the finest window system depends on correct installation. Framelux follows a professional installation process focused on accurate measurements, proper alignment, sealing and finishing.

Security You Can Rely On

Premium hardware, robust profiles and multi-point locking options provide enhanced security and everyday peace of mind.

After-Sales Support You Can Count On

Our relationship doesn't end with installation, Framelux provides dedicated after-sales support to help your windows and doors continue performing beautifully.

DESIGNED TO INSPIRE

Contemporary designs that complement modern architecture and elevate every space.

ENGINEERED TO LAST

High-quality systems and components built for durability and long-term performance.

MADE FOR YOU

Custom-made solutions tailored to your requirements with a wide range of configurations and finishes.

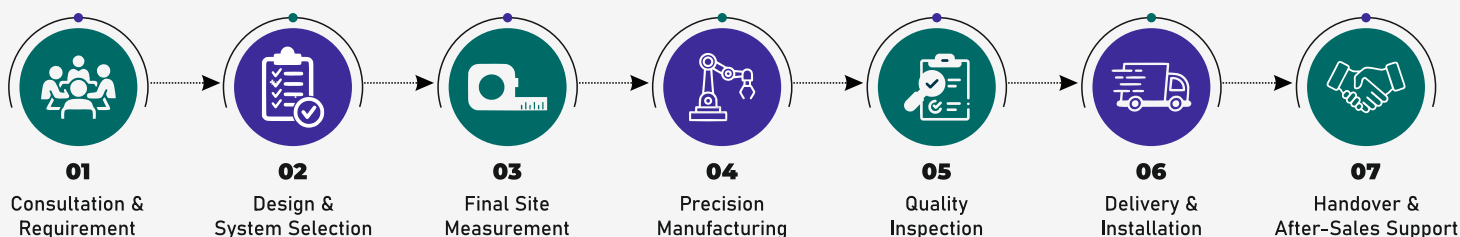

TRUSTED & RELIABLE

From consultation to after-sales support, we are with you at every step.

End-to-End Solution

A SEAMLESS END-TO-END EXPERIENCE

Stage I : Consultation & Requirement

We understand your space, architectural vision and functional needs to recommend the most suitable Framelux systems.

Stage II: Design & System Selection

The right system, configuration, colour, glass and hardware options are selected to match your requirements and aesthetics.

Stage III: Final Site Measurement

Our technical team conducts precise measurements and verifies site conditions to ensure perfect execution.

Stage IV: Precision Manufacturing

Your customised Framelux windows and doors are manufactured with advanced technology and strict quality control.

Stage V: Quality Inspection & Delivery

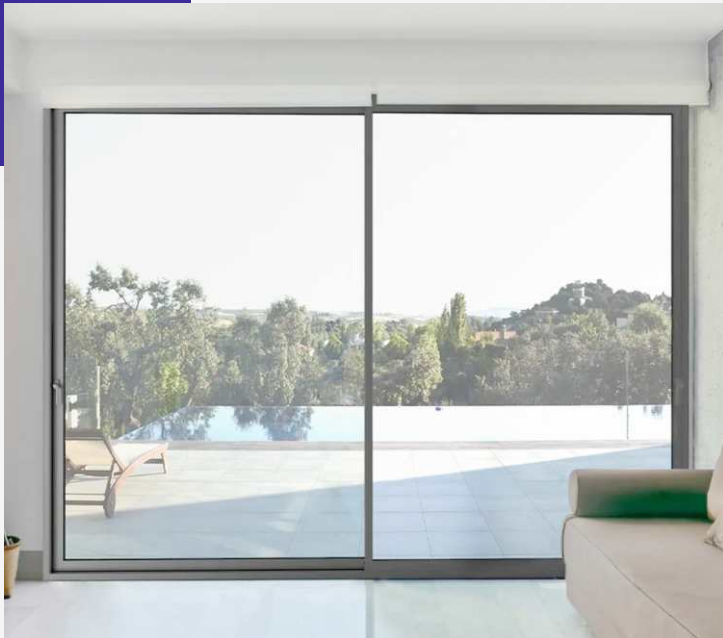

Every product undergoes multiple quality checks before careful packing and timely delivery to the project site.

Stage VI: Professional Installation & Handover

Expert installation team ensures proper fitting, alignment and sealing. Final inspection is done for a flawless handover.

Stage VII: After-Sales Support

Our relationship continues beyond installation with dedicated service support for warranty and maintenance.

Slim Line Slider Door

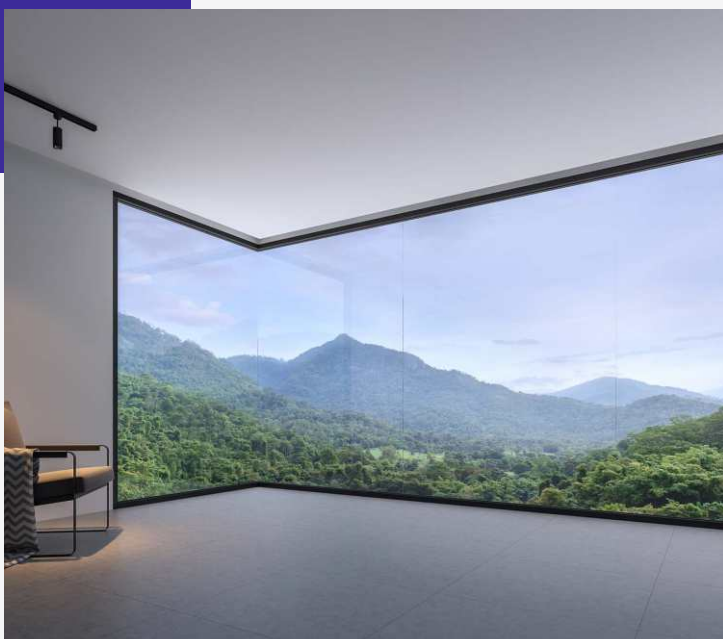

Minimal frames and expansive glass create uninterrupted views and a sophisticated architectural statement. Designed for large openings where elegance meets effortless sliding.

AVAILABLE IN: ALUMINIUM

90° Corner Slider

Open up two sides of a space with a stunning corner configuration, creating panoramic views and a seamless connection between indoor and outdoor living.

AVAILABLE IN: ALUMINIUM | UPVC

Glass-to-Glass Window

Designed with minimal visual interruption at the junction, glass-to-glass corner windows bring abundant natural light and a striking contemporary aesthetic.

AVAILABLE IN: ALUMINIUM | UPVC

Casement Door

A classic opening style reimagined for modern spaces. Framelux casement doors offer elegant aesthetics, smooth operation and dependable performance.

AVAILABLE IN: ALUMINIUM | UPVC

Sliding Windows & Doors

Space-efficient and effortless to operate, our sliding systems offer wide views, natural light and everyday convenience for a variety of architectural applications.

AVAILABLE IN: ALUMINIUM | UPVC

Tilt & Turn Window

One window, two opening possibilities. Tilt for controlled ventilation or turn inward for a wider opening—bringing flexibility, convenience and contemporary functionality together.

AVAILABLE IN: ALUMINIUM | UPVC

Casement Window

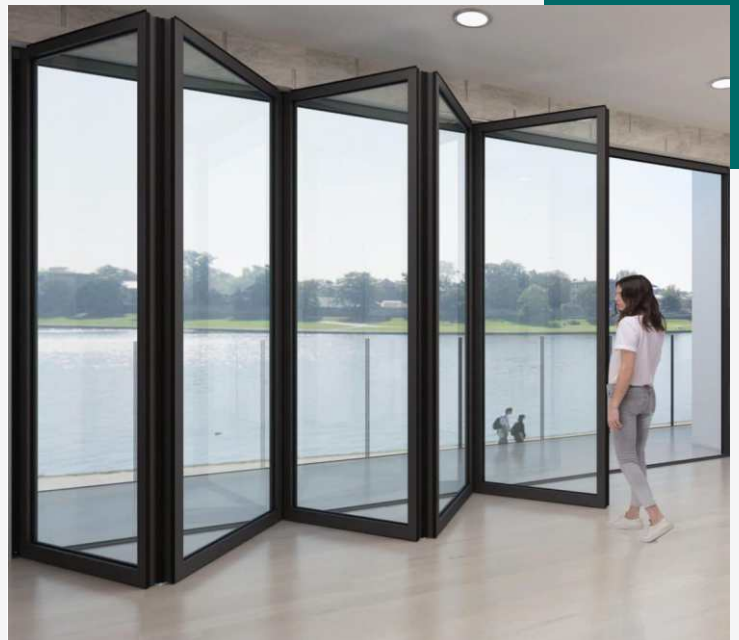

Designed for excellent ventilation and a clean architectural appearance, casement windows combine practical functionality with timeless design.

AVAILABLE IN: ALUMINIUM | UPVC

Slide & Fold Door

Transform spaces with flexible, wide openings. Multiple panels slide and fold neatly to one side, creating a seamless transition between indoor and outdoor areas.

AVAILABLE IN: ALUMINIUM | UPVC

Large Slider Door

Created for grand openings and breathtaking views, large-format sliders combine expansive glass panels with smooth movement and a bold, minimal aesthetic.

AVAILABLE IN: ALUMINIUM

Vertical Slider Window

A distinctive space-saving window solution with vertically moving panels, designed to provide convenient ventilation while adding a unique architectural character.

AVAILABLE IN: ALUMINIUM | UPVC

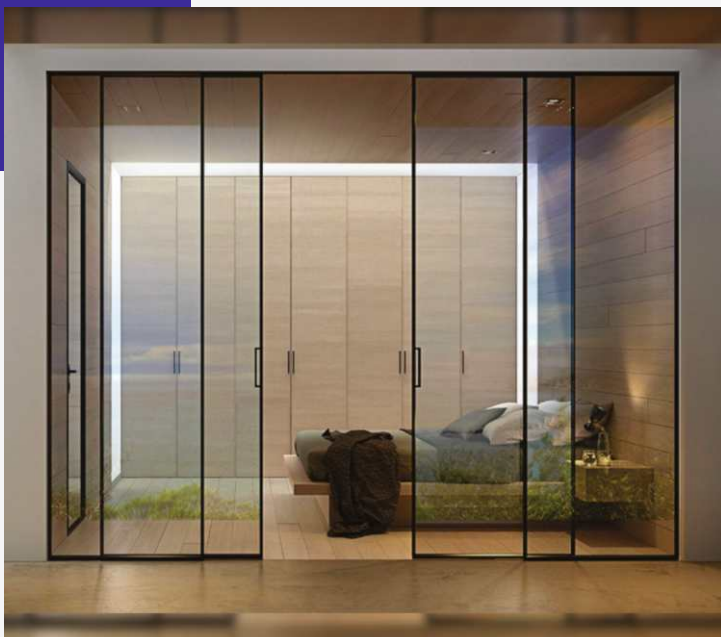

Slim Casement Doors

Elegant hinged doors with slender profiles and generous glass areas, designed to bring openness and sophistication to contemporary interiors.

Synchronized Sliders

A refined multi-panel sliding solution where interconnected panels move smoothly together for effortless operation and impressive openings.

Slim Sliding System

Multiple sliding panels stack neatly together, allowing wider openings while maintaining a sleek and space-efficient design.

Available in 1+1, 1+2, 1+3 & up to 1+4.

Slim Shower Cubicles

Minimal profiles and clean glass lines create elegant shower enclosures that bring a sophisticated, modern character to premium bathrooms.

Slim Ghost Doors

Designed to visually disappear into the surrounding architecture, Ghost Doors deliver a clean, understated aesthetic for truly minimalist interiors.

COLOURS THAT DEFINE ELEGANCE
